

# LABCOOR

Security anywhere.

French security engineering company

# THE MOBILE ACCESS CONTROL SOLUTION COMBINING INNOVATION AND FLUIDITY

## LAB-ONE

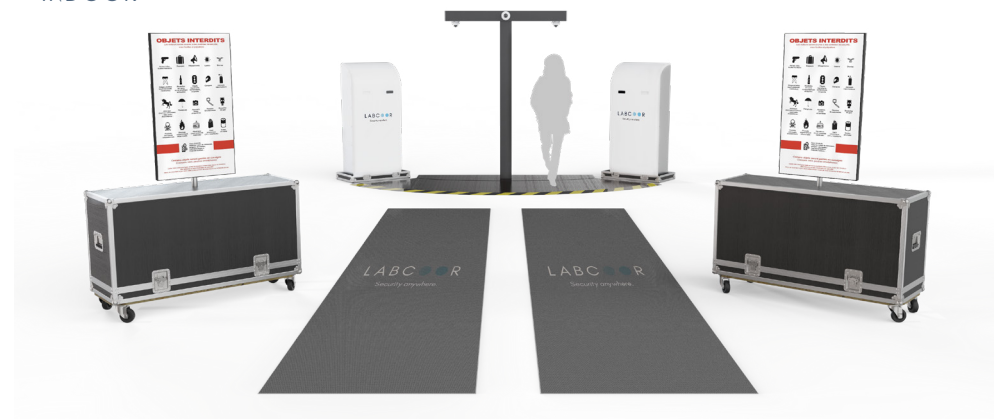

OUTDOOR

The Lab One safety entrance allows contactless filtering of public or staff thanks to a stand-alone mobile structure, which can be installed outdoors. It is towed, autonomous, and easy to deploy.

## LAB-TWO

INDOOR

The Lab Two safety entrance allows contactless filtering of public or staff thanks to a removable structure, which can be installed indoors. It is transportable and easy to deploy.
